

X-RAY EQUIPMENT

ATX MOBILE X-RAY TABLE

The ATXST offers great balance between quality, versatility and economy. Use with ceiling-mount, mobile, or portable x-ray.

This Mobile X-Ray Table is made with a heavy-duty steel frame to provide maximum rigidity. The frame with the radiolucent tabletop can support up to a 136 kg patient weight.

This table height is **74 cm high** for easy patient access. The **61 cm width** is standard, and a length **140 cm**. The included **Cassette Tray** travels the entire length of the table enabling imaging studies anywhere along the length of the table. Grid available upon request.

This comes ready to be assembled with 4 legs to be bolted to the bottom of the table.

2.5 cm thick radio-transparent mattress is available upon request.

Manufactured in Australia by ATX
